**State Tax Deadline Extended**

Michigan Governor Gretchen Whitmer has signed an executive order ([EO 2020-26](#)) that will extend the state tax filing and payment deadline amid the coronavirus pandemic from April 15, 2020 to July 15, 2020. This decision comes over a week after the IRS pushed back the federal tax filing deadline to July 15, 2020, and the state of Michigan has now committed to follow suit allowing residents and businesses additional time to file their income taxes.
